**SOFTNESS OF SEALSIN.**  
Is Rivalled by Human Hair Where Dandruff is Eradicated.  
Sealsin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a poisonous parasite that robs the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women own their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich.

## ABOUT THE STATE.

**Items of Interest Gleaned From Our Exchanges.**  
John Baldassaro of Rockingham filed a petition in bankruptcy Monday. He has liabilities of \$1,061.21, and assets of \$118 of which \$100 is exempted.

The total value of goods exported through the district of Vermont for the month of September this year amounted to \$50,297.58. During the same month last year duties to the amount of \$85,999.53 were collected.

The Rev. Dr. H. A. Roberts, pastor of the First Baptist church, and Miss Roberts of Montpelier, will go to Block Island, R. I., where, Tuesday evening, October 23, Doctor Roberts will preach the sermon at the celebration of the 150th anniversary of the Baptist church at Block Island.

The stockholders and directors of the Randolph Co-operative creamery at a meeting in Elson's hall Saturday afternoon elected a business manager and reconsidered the action taken at a meeting held two weeks ago when it was voted to close the creamery at the end of the month for an indefinite period. Since the first meeting so much encouragement from patrons of the Co-operative and Brigham creameries has been given to the directors that they voted to continue operation and elected Arthur M. Vaughn as business manager. A. A. Priest, the present manager will continue in office until November 1, and will then assist Mr. Vaughn until the latter becomes accustomed to the work.

Congressman D. J. Foster, who returned to Burlington Monday from Washington, stated that work on the new postoffice building will be resumed within a short time and continued until the structure is complete. The delay in the work has been occasioned by the extortionate demands of the contractors for the completion of the building. The matter has not yet been settled. When work is resumed it will be directed to the completion of the inside finish and by the time that is accomplished, it is expected that an understanding will have been reached for the award of the contract for the cornice. No work has been done on the building this year.

## WATER FOR BURLINGTON SCHOOLS.

**Two Methods Suggested by Which Supply Can Be Provided.**  
Burlington, Oct. 16.—The hearing of the water question upon public schools of the city was again discussed Monday afternoon at a meeting of the school board committee on school buildings and property, which the State Board of Education held in this city at that time. No definite action was taken providing for the supply of water in the schools. Methods by which the question can be solved were thoroughly discussed and the meeting was adjourned until Wednesday evening, when the matter will be taken up by the committee on school buildings and property. The matter has not yet been settled. When work is resumed it will be directed to the completion of the inside finish and by the time that is accomplished, it is expected that an understanding will have been reached for the award of the contract for the cornice. No work has been done on the building this year.

There seems to be but two methods of solving the question and giving the schools a supply of water. One method is to transport water in wagons from some pure supply to the schools, where it could be placed in tanks for use. The other plan would be to provide the water through the building with filters which would be satisfactory to the health board of health.
